Ferrara (FE), Italy

EXPERIENCE

Frontend Developer, UX/UI Designer
Fancy Pixel Srl JAN 2017 - ONGOING, Ferrara (Hybrid)

Designed and developed web and mobile applications while collaborating with different Agile teams as a consultant.

\ **Regione Lombardia** - *Developed mobile applications of various public services with the goal of optimizing citizen-government interactions and simplifying administrative processes.*

\ **Electrolux Group** - *Engineered the SoundJ web and mobile platform with the key goal of facilitating remote and distributed auditory testing, ensuring accuracy and accessibility for users.*

\ **Grokstyle (Acquired by Meta)** - *Developed React-based web plugins for the US startup that used AI to automatically identify furniture and home decor from any picture or angle.*

\ **RTK Persist (GitHub)** - *Developed an open source JavaScript library built over Redux Toolkit to enable effortless state persistence and rehydration, designed for quick integration.*

Software Engineer, UX/UI Designer
On assignment at Meta Platforms Inc.
Fancy Pixel Srl SEPT 2022 - MAY 2024, Berlin (Remote)

\ **Meta Haptics Studio (Meta Horizon)** - *Worked as a designer and frontend developer at Meta Reality Labs on a developers tool for creating and testing haptic feedback for AR/XR experiences.*
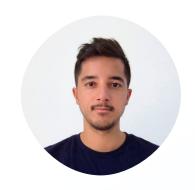

Android Developer
SEPT 2015 - ONGOING

\ **Another Widget (GitHub)** - *Developed an Android application with over 1 million installations that provided a feature-rich, personalized alternative to the default "at a glance" widget.*
